A cross-sectional view of a multi-layered structure 1600. The structure consists of several layers. The top layer is a series of interlocking loops 1612, with one loop labeled 1634. Below the loops is a layer 1636, which is a thin layer with a pattern of small circles. Below layer 1636 is a layer 1638, which is a thick layer with a diagonal hatching pattern. Below layer 1638 is a layer 1670, which is a thin layer with a diagonal hatching pattern. The entire structure is labeled 1600. A lightning bolt symbol 1610 is shown above the loops, indicating an electrical connection or signal.
